## THE ROAD TRIP THROUGH ENGLAND, WALES AND SCOTLAND

**6-16 June 2022**

First of all:

This **11-day adventure** only takes place if there is no **quarantine** when entering the UK or returning home.

In addition, this road trip is very **different** from other FUNRALLYE events. This is about **discovering together**, without any predetermined routes and fixed meeting points...

We will have this "common experience" as a **small** (situational elastic) **group**. Those who embark on this adventure will experience the **breathtaking diversity of nature** with like-minded people, cruise along the most beautiful roads of the island, visit **world-famous places** and **rave** about the many impressions and experiences of their friends forever.

This unique FUNRALLYE road trip through the UK will take place (if possible) from **6 - 16 June 2022**.

All participants meet on Sun, 5.6.22 in the evening near Dover, in the south of England.

After 11 absolutely exciting and unforgettable days, the tour finally ends on Thu, 16.6.22 in the Scottish capital Edinburgh.

Please allow **enough time** for the journey to **and from** home!

**More detailed information** about this road trip or **registration** is only available after contacting us at [+43 680 44 24 34 1](tel:+436804424341) or by [e-mail office@funrallye.at](mailto:office@funrallye.at)

Welcome to old Europe, welcome to the land of the Queen!

Admittedly, Great Britain already has its **peculiarities**: men wear skirts and play on the sack, uhhh bagpipes, **miles** instead of kilometers, left-hand traffic - of course. Five o'Clock Tea, Fish and Chips, Orderly Queuing, Baked Beans, etc. Narrow streets, lined with hedges and stone walls, the **countless roundabouts** are driven around to the left. The island is all about the **Beatles**, the **Royals**, Lords & Ladies and Knights & Castles. And of course around the **cozy pubs**.

A road trip through the UK is an absolute must!

From the spectacular **White Cliffs** in the south of England, past Stonehenge, **vibrant towns** and idyllic villages. Through deserted areas and mystical moorlands, past lochs, flocks of sheep and **whisky distilleries** up into the incredible nature of the **Scottish Highlands**.

A journey to world-famous castles and breathtaking film sets, peppered with silent witnesses of an impressive industrial history & **creepy Lost Places**.

An unforgettable adventure... on the wrong side of the road!

Oh yes, you don't need a Mini, Jaguar or even **Rolls-Royce** to be part of this adventure. You can also experience this road trip in a rental **car**, which makes a quick journey to and from home by plane possible.

**Just take what you enjoy** or what your fleet gives away. There are no regulations regarding the value or age of your rally vehicle. But if you want to raise the **adventure factor** again, I recommend an **old vehicle** or a real **scrap box**.

ps: by the way, the consumption of your rally vehicle is not to be calculated in liters per 100km but in miles per gallon...

You want to be there and still have questions?

Then simply contact us at [+43 680 44 24 34 1](tel:+436804424341) or [office@funrallye.at](mailto:office@funrallye.at)

See you ;-)
